Early Years Foundation Stage:

2023
64%

Year 1 Phonics Check

2023
69%

Key Stage 1

% of pupils meeting or exceeding the National Standard:

	Expected Level	Greater Depth
Reading	57	31
Writing	50	12
Maths	65	31

Key Stage 2

% of pupils meeting or exceeding the National Standard:

	Expected Level	Greater Depth
Reading	79	21
Writing	56	8
Maths	79	38

Average Progress scores and scaled scored in Reading, Writing and Maths 2023

	Average Progress Score	Average Scaled Score
Reading	5.4	106
Writing	-0.2	NA
Maths	6.3	106

What progress measures mean

Most schools will have progress scores between -5 and +5.

If a school has a progress score of 0 this means that on average their pupils achieved similar results at the end of KS2 (end of year 6) to pupils in other schools with similar results at the end of KS1 (end of year 2). If a school has a positive progress score this means that on average their pupils made more progress than pupils in other schools with similar results at the end of KS1.

For example: a score of +3 in reading would mean that on average pupils at the school got 3 scaled score points more in the KS2 English reading test, compared to other pupils nationally with similar results at the end of KS1. A negative score doesn't mean a school has failed or pupils have made no progress. It just means that on average their pupils have made less progress than pupils in other schools with similar results at the end of KS1.

What average scaled scores mean

The **scaled scores** are centred around 100. That means that: A **score** of 100 means the child is working 'at the expected standard' for a Year 6 child. 80 is the lowest possible **score** and 120 is the highest. To create the average score for the cohort, all scale scores are added together and an average of the total is taken.
