### PE Intent

At Greenfields, we believe in enriching our children's lives with a variety of sporting activities and skills which will give them the opportunity to develop further.

Our PE Curriculum is based on a high-quality curriculum that inspire all children to succeed and engage in competitive sports and other physically-demanding activities.

We aim to provide our children values and transferable skills: such as fairness and respect, have a love of physical activities, teamwork and build confidence.

We teach our children to understand the importance of leading a healthy lifestyle by educating them how to take care of themselves both physically and mentally.

"Obstacles don't have to stop you. If you run into a wall, don't turn around and give up. Figure out how to climb it, go through it, or work around it.' **Michael Jordan**
